IRON-ON EMBROIDERY

Embroidery is one of the oldest forms of decoration. Although hand embroidery is still performed as an artisanal craft, most fine embroidery nowadays is machine-produced.

Our mission is to supply you our customer with the complete embroidery package at the most competitive price and the best quality.

We specialize in making embroidered patches with a very reliable heatseal (adhesive) film in our production facility.

At **SEAB** we offer a full service: we take your design idea and, using the latest embroidery software, make it into a patch.

Every embroidery design is meticulously created to give on accurate impression of your company logo ready to apply to your chosen garments.

CHENILLE

In the fashion market, chenille is commonly recognized as the emblems and letters sewn on letterman's jackets. Our manufacturing partners have been making custom chenille patches and monograms for more than twenty years.

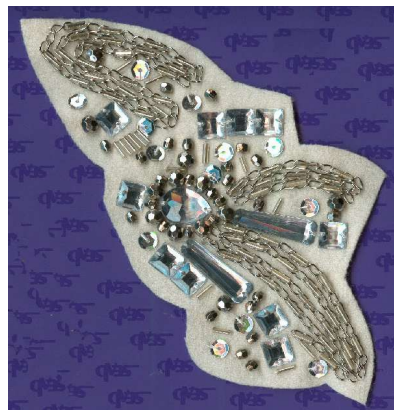

Our custom designed patches have a wonderfully artistic texture and style using a wide variety of shapes, patterns and colors to complement athletic patches, letter jacket patches, chenille emblems, award patches and many more.

SHOULDER APPLIQUE PATCHES

These fancy fashionable items provide an exclusive touch to your garments. Knitwear, jackets, tuxedos will be more glamorous and unique thanks to this fabulous appliqué.

A combination of rhinestones, studs, embroideries on a fine fabric background create a blend of fresh elegance.

SEAB can also develop your own designs to meet the spirit of your collection.

LOGISTICS

Our production facilities, located worldwide, offer a prompt response and quick and reliable service in any area whereas your supply chain requires.
